CONTEG

Color edition [CONTEG – ONE COLOR IS NOT ENOUGH]

Within the CONTEG edition "one color is not enough" we offer the possibility to adapt data centers and server rooms to individual needs of customers so that they correspond to their ideas about the color design of the project, including graphic elements such as stickers, logos, or lighting. As standard, it is possible to choose from seven colors of IT racks and cooling units. It is also possible to label the racks with a logo.
